The purpose of this contract is to establish an employee/employer relationship with the contractor to perform services overseas on a temporary, on-call basis as part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) / Office of Civilian Response (OCR) "Firehouse." The Personal Services Contractor(s) hired under this contract will provide up to a maximum of 250 workdays of services on an annual basis.

As services provided by the contractor are on a temporary, on-call basis, health and life insurance reimbursements will be provided on a prorated basis based on the number of days during which the contractor actually provides services.

7. PLACE OF PERFORMANCE: Overseas

There may be an initial orientation and training program in Washington, D.C. This may include formal classroom training, online training, on-the-job training and security training. 8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

USAID’s Office of Civilian Response (OCR) is seeking highly motivated, highly qualified individuals who want the opportunity to help support USAID missions abroad when faced with a natural disaster, political crisis, internal conflict or otherwise in need of surge staff support due to some unforeseen circumstance. Created in 2008, OCR provides crisis staffing to USAID missions throughout the world with a full range of specialized expertise. Since then this office has provided over 20,000 days of mission support in deployments to countries such as Libya, Tunisia, Kyrgyzstan, Sri Lanka, Burma, Honduras, Somalia, South Sudan, Democratic Republic of Congo, and many other countries. As a member of OCR’s team of crisis responders, you would be available at short notice to bring to USAID missions your specialized skills in support of a mission’s response to a crisis.

USAID is striving to become an even more nimble and agile organization when responding to crises. Countries experiencing a significant political transition in the midst of a crisis or emerging from civil conflict have unique needs that cannot always be fully addressed by a traditional USAID mission staffing yet timely and effective assistance to promote and consolidate peaceful, democratic advances can make the difference between a successful or a failed state. OCR plays a unique role in USAID by ensuring the USAID mission has sufficient staff with the right skills during those critical golden hours.

To respond quickly and effectively and meet USAID mission needs, OCR retains a group of high level professionals and experts under (USPSCs) as part of a “Firehouse”. These knowledgeable and skilled professionals are rapidly available to missions to expand their capacity, augment their existing capability, fill in gaps, replace evacuated staff, or in some cases project USAID presence to field sites or non-presence countries. OCR staff provide specialized skills in a range of areas from contracting to communications, program design, election monitoring, project management, development outreach, reporting, and strategic planning, and others. As a member of the

Solicitation for a USPSC Democracy Officer – Generalist (Multiple Positions)
SOL-OCR-14-000003

“Firehouse” you would play a crucial role in supporting USAID programs at a time when their success is most critical.

USPSCs are considered employees of USAID for all purposes except programs administered by the Office of Personnel Management (OPM) – such as federally sponsored health insurance, life insurance, and retirement benefits. However, there are several other similar benefits that USPSCs may participate in, such as partial reimbursement for health and life insurance costs, as well as full coverage of workers’ compensation, among other benefits. For more complete information on USPSC benefits, please see page 12 of this solicitation.

Acquisition & Assistance Policy Directive (AAPD) No. 06-10
PSC Medical Expense Payment Responsibility

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under

Solicitation for a USPSC Democracy Officer – Generalist (Multiple Positions)
SOL-OCR-14-000003

General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
