8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of Transition Initiatives (OTI) was created in 1994 as a distinct operating unit within USAID to help local partners advance peace and democracy in priority conflict-prone countries. Seizing critical windows of opportunity, OTI works on the ground to provide fast, flexible, short-term assistance targeted at key transition needs.

Countries experiencing a significant political transition in the midst of a disaster or emerging from civil conflict have unique needs that cannot be fully addressed by traditional disaster relief. Timely and effective assistance to promote and consolidate peaceful, democratic advances can make the difference between a successful or a failed transition. OTI assists in securing peace by

SOL-OTI-13-000038

aiding indigenous, mostly non-governmental, civil society and media organizations. OTI uses such mechanisms as support for re-integration of ex-combatants into civilian society; development of initiatives to promote national reconciliation; identification of quick-impact community self-help projects to meet urgent economic needs; and aid to independent media outlets and community-based organizations to help promote informed debate and broaden public participation.

To respond quickly and effectively and meet its program objectives and mandate OTI retains a group of high-level professionals and experts under personal services contracts (PSCs). These knowledgeable and skilled professionals make up the vast majority of the OTI work force and are at its forefront implementing and achieving the organization's programmatic goals and objectives. USPSCs are considered employees of USAID for all purposes except programs administered by the Office of Personnel Management (OPM) – such as federally sponsored health insurance, life insurance, and retirement benefits. However, there are several other similar benefits that USPSCs may participate in, such as partial reimbursement for health and life insurance costs, as well as full coverage of workers' compensation, among other benefits. For more complete information on USPSC benefits, please see page 13 of this solicitation.

INTRODUCTION

The purpose of this contract is to hire an Information and Technology (IT) Advisor within OTI's Operations and Management Division (OMD). The IT Advisor will provide administrative support for program funded U.S. Personal Services Contract (USPSC) employees and program operations in OTI. The OTI IT Advisor will be supervised by the Chief, Operations Management Division or his/her designee, and will also work under the general guidance and direction of the relevant OTI Team Leader for specific assignments.

This is a key position in an exciting and busy office which responds rapidly to crisis situations overseas. For the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA/OTI) to implement its rapid response strategy, it is essential that DCHA/OTI personnel receive prompt support. The IT Advisor will provide ad hoc support and advice on IT matters and has the ability to maintain flexibility in a fast-paced dynamic environment while managing competing priorities and meeting aggressive deadlines. Providing knowledgeable, rapid response using standard operating procedures and making recommendations for improvements or innovations to increase effectiveness and efficiency is critical to successful implementation of OTI's programs and fulfillment of OTI's mandate.

DCHA/OTI's OMD in Washington provides OTI with an advanced level of operational and management support to help ensure ongoing and improved flexible, rapid response in political transition programming overseas. OTI/OMD is responsible for instituting and maintaining office-wide systems and processes, office practices and procedures, and the creation of an

Solicitation for a USPSC OTI Information and Technology Advisor (Intermittent PSC)
SOL-OTI-13-000038

enhanced response capability through teamwork, responsiveness, fiscal responsibility, quality control, and customer service.

Within OMD, the Information and Technology Team (IT Team) is responsible for analyzing needs, developing solutions, and advising on issues related to business process and information management in direct support of OTI's numerous field programs. The IT team regularly participates in core DCHA/OTI process design, development and training exercises. The goal of the IT team is to create and maintain an enhanced response capability to support information management and effective processes for OTI field and Washington teams. The team accomplishes this through analyzing business process and information management needs in order to institute and maintain office-wide systems, processes, practices and procedures that support the overall mission of the office as well as address the needs of individual teams.

Program and operations staff in OTI work as a team to ensure country programs are started, managed, and closed efficiently and effectively.

OBJECTIVE

The objective of this position is to ensure that OTI has a highly-qualified IT Advisor that will represent OTI and fulfill the duties and responsibilities of the position.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The work of the incumbent requires teamwork, the exercise of discretion, judgment, and personal responsibility. As a member of a highly operational office, the incumbent is willing and able to perform a wide range of administrative functions to help ensure programmatic success. The incumbent has a high level of integrity and attention to detail to ensure the use of OTI systems and procedures to maintain effective and efficient management of funds, programming, and monitoring and evaluation. The incumbent is highly flexible and willing to work under conditions of ongoing change, and remains professional and respectful of colleagues and authority in a diverse workforce. She or he places a premium on building positive relationships with his or her respective team, and with key stakeholders both in and outside of OTI. The incumbent is highly responsible, service-oriented, organized, pays close attention to detail, and is able to receive and respond to constructive criticism in a professional manner. The incumbent is able to prioritize and complete tasks without follow up by the supervisor, while also filling in gaps as needed to ensure the responsiveness of the team. The incumbent is a strategic thinker, articulates innovative ideas, presents solutions, and is a positive role model for colleagues both in and outside of OTI.

The IT Advisor is responsible for assisting in management of OTI's information and technology resources, and providing information, technology and communications support services for OTI program implementation staff. The IT Advisor is a member of the OTI Operations and Management Divisions IT Team. Under the direct supervision of the Washington-based

SOL-OTI-13-000038

DCHA/OTI IT Team Leader or his or her designee, the IT Advisor will perform the following duties:

- Monitor and understand agency IT and Information Security systems, requirements and policies, especially as they affect OTI and implementing partner staff in the field. Analyze OTI business processes and work products in order to seamlessly integrate OTI's systems into agency systems, while also reducing redundancies in OTI systems whenever additions and/or changes occur in agency systems.
- Assist the IT Team in providing scheduled and ad hoc training for Washington and field-based staff on use of standard OTI information technology equipment and systems with a special focus on OTI-established web-based applications.
- Perform other duties and activities as required for the successful completion of the OTI mandate, such as backstopping the IT Team members.
- Travel overseas in fulfillment of duties as required.
- Provide recommendations on OTI business system improvements or additions using current web technologies and techniques through the development, maintenance, and support of OTI's information management systems across all OTI field programs worldwide.
- When required, perform some systems administration work primarily with regards to managing web servers and databases running on the Linux platform. Assist the IT Team in designing and maintaining product release and backup procedures.
- Participate in technology assessments and design of information systems related to OTI's management activities. These special projects may include: operational and programmatic information systems, such as personnel, inventory, scheduling, annual reports, web-based OTI information, and country program summaries, as well as programmatic tactical technology solutions such as mobile and web-based systems.
- As required, initiate and maintain effective relationships with institutional contractors, implementing partners, other agencies, and administrative support staff in other USAID offices sharing procedures and systems in order to review good administrative practices, and seek out innovative ways of doing business to improve efficiency and effectiveness.
- Assist the IT Team in data extraction and manipulation on a scheduled and ad-hoc basis in order to better understand the data collected by OTI programs. Work with OTI staff to prepare data visualizations suitable for web viewing and presentations.
- Mentor other IT Team members in the above tasks as necessary.
- Supervise IT staff and/or backstop the IT Team Leader when required.
- Provide other program or program support work as required by OTI (e.g. when in the field,

Solicitation for a USPSC OTI Information and Technology Advisor (Intermittent PSC)

provide reporting to the relevant field team).

SUPERVISORY RELATIONSHIP:

The IT Advisor will report to OTI's Washington-based Team Leader for Information Technology, or his/her designee, as well as to the Deputy Chief, OMD. If working on a project in the field for a country program, the IT Advisor will report to the relevant Field Programs Division Team Leader, or OTI Country Representative.

SUPERVISORY CONTROLS:

The Supervisor will set specific work objectives. The employee and the supervisor together will develop deadlines, projects, and work to be accomplished. The incumbent is expected to take initiative and manage his/her tasks effectively.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on assessment teams, Country Start-Ups, Disaster Assistance Response Teams (DARTs) (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on Assessments, Country Start-ups, DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

EDUCATION/EXPERIENCE REQUIRED FOR THIS POSITION

(Determines basic eligibility for the position. Applicants who do not meet all of education and experience factors are considered NOT qualified for the position. **See detailed instructions for demonstrating Education/Experience under "Applying"**)

The incumbent must be an individual with sound judgment and excellent communication, interpersonal and analytical skills. The candidate must be able to accomplish a wide range of assignments, often on short notice, including performing a range of administrative functions, and be willing to step in to help with any team task large or small to help ensure programmatic success.

Solicitation for a USPSC OTI Information and Technology Advisor (Intermittent PSC)
SOL-OTI-13-000038

At a **minimum**, the applicant must have:

At the GS-13 Equivalent Level:

- (1) Bachelor's degree in Computer Science or similar technical field, plus **four (4) years** progressively responsible experience in web application development and database design as described in the Duties and Responsibilities section above;

AND

- (2) Professional experience in server-side web application development with technologies such as C#, Java, Python, or PHP;

AND

- (3) Professional experience in client side Javascript development;

AND

- (4) Experience in software systems development in at least three (3) of the following areas:
 - (a) Demonstrated experience designing databases and working experience developing against one or more of the following database servers: MySQL, PostgreSQL, MS SQL Server, Oracle;
 - (b) Experience acting as a systems administrator maintaining a web server running on the Linux operating system;
 - (c) Experience in developing and using REST APIs in output formats of JSON or XML;
 - (d) Experience developing mobile applications for either the iOS or Android platforms.

SELECTION FACTORS

(Determines basic eligibility for the position. Applicants who do not meet all of the selection factors are considered NOT qualified for the position.)

- Applicant is a U.S. Citizen;
- Complete resume submitted. See cover page for resume requirements. Experience that cannot be quantified will not be counted towards meeting the solicitation requirements.
- Supplemental document specifically addressing how the candidate meets each of the Education/Experience requirements, AND each of the Evaluation Factors submitted;

- Satisfactory verification of academic credentials.

Solicitation for a USPSC OTI Information and Technology Advisor (Intermittent PSC)
SOL-OTI-13-000038

A USAID Secret level security clearance is required prior to issuance of the contract for this position.

EVALUATION FACTORS

(Used to determine the competitive ranking of qualified applicants in comparison to other applicants. The factors are listed in priority order from highest to least.)

- Factor #1 Demonstrated experience in database design and developing web applications to effectively utilize the database. Experience should highlight what changes needed to be made in order to scale the web application.
- Factor #2 Demonstrated experience developing both a server-side and client-side web application using AJAX or similar technologies. Experience should include unit testing and documentation standards and how that helped achieve their project goals.
- Factor #3 Experience in basic Linux systems administration. Experience should include familiarity with deployment and backup systems for Apache and MySQL.
- Factor #4 Demonstrated Experience operating as a team member, without close supervision, in complex and difficult situations with minimal office support; demonstrated ability to work well under pressure with competing priorities and demands.
- Factor #5 Professional experience working as a supervisor of a software development team.

BASIS OF RATING: Applicants who clearly meet the Education/Experience Requirements and Selection Factors will be further evaluated based on scoring of the Evaluation Factor responses. Those applicants determined to be competitively ranked may also be evaluated on interview performance and satisfactory professional reference checks. In the event that a candidate has fully demonstrated his/her qualifications and there are no other competitive applicants, OTI reserves the right to forego the interview process.

Applicants are required to address each of the Evaluation Factors in a separate document describing specifically and accurately what experience, training, education and/or awards they have received that are relevant to each factor. Be sure to include your name and the announcement number at the top of each additional page. Failure to specifically address the Selection and/or Evaluation Factors may result in your not receiving credit for all of your pertinent experience, education, training and/or awards.

The Applicant Rating System is as Follows:

Evaluation Factors have been assigned the following points:

- Factor #1 – 20
- Factor #2 – 20
- Factor #3 – 10
- Factor #4 – 10

Solicitation for a USPSC OTI Information and Technology Advisor (Intermittent PSC)

Factor #5 – 10

Total Possible – 70 Points

Interview Performance – 30 points

Satisfactory Professional Reference Checks – Pass/Fail (no points assigned)

Total Possible Points: 100

The Evaluation Factors are worth 70 out of 100 points. Be sure to fully respond to each of the Evaluation Factors and include all relevant experience, training, and/or education in your responses. Sample Evaluation Factors are provided on the GlobalCorps website at www.globalcorps.com.

The most qualified candidates may be interviewed and required to provide a writing sample. OTI will not pay for any expenses associated with the interviews. In the event that a candidate has fully demonstrated his/her qualifications and there are no other competitive applicants, OTI reserves the right to forego the interview process. Professional references and academic credentials will be evaluated for applicants being considered for selection.

APPLYING:

Applications must be **received** by the closing date and time at the address specified in the cover letter.

Qualified individuals are **required** to submit:

1. Complete resume. In order to fully evaluate your application, your resume must include:

- (a) Paid and non-paid experience, job title, location(s), dates held (month/year), and hours worked per week for each position. ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16FAM 116 available at http://transition.usaid.gov/business/business_opportunities/cib/pdf/aapd06_10.pdf

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible

Solicitation for a USPSC OTI Information and Technology Advisor (Intermittent PSC)

following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

FAR 52.222-50 COMBATING TRAFFICKING IN PERSONS (FEB 2009).

(a) *Definitions.* As used in this clause—

“Coercion” means—

- (1) Threats of serious harm to or physical restraint against any person;
- (2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or
- (3) The abuse or threatened abuse of the legal process.

“Commercial sex act” means any sex act on account of which anything of value is given to or received by any person.

“Debt bondage” means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

“Employee” means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

“Forced Labor” means knowingly providing or obtaining the labor or services of a person—

- (1) By threats of serious harm to, or physical restraint against, that person or another person;
- (2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or
- (3) By means of the abuse or threatened abuse of law or the legal process.

“Involuntary servitude” includes a condition of servitude induced by means of—

- (1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or
- (2) The abuse or threatened abuse of the legal process.

“Severe forms of trafficking in persons” means—

- (1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
- (2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

“Sex trafficking” means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) *Policy.* The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not—

- (2) Procure commercial sex acts during the period of performance of the contract; or
- (3) Use forced labor in the performance of the contract.

(c) *Contractor requirements.* The Contractor shall—

- (1) Notify its employees of—
 - (i) The United States Government’s zero tolerance policy described in paragraph (b) of this clause; and
 - (ii) The actions that will be taken against employees for violations of this policy. Such actions may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and
- (2) Take appropriate action, up to and including termination, against employees or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.* The Contractor shall inform the Contracting Officer immediately of—

- (1) Any information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, or subcontractor employee has engaged in conduct that violates this policy; and
- (2) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this clause.

(e) *Remedies.* In addition to other remedies available to the Government, the Contractor’s failure to comply with the requirements of paragraphs (c), (d), or (f) of this clause may result in—

- (1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;
- (2) Requiring the Contractor to terminate a subcontract;
- (3) Suspension of contract payments;
- (4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;
- (5) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or
- (6) Suspension or debarment.

(f) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts.

(g) *Mitigating Factor.* The Contracting Officer may consider whether the Contractor had a Trafficking in Persons awareness program at the time of the violation as a mitigating factor when determining remedies. Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State’s Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/g/tip>.
